

**Don't Slip.
Renew your
DACA!**

Deferred Action for Childhood Arrivals (DACA) makes a huge difference - It's more than knowing you're not a target for deportation, DACA can mean a better job, a better education, a brighter future. But if you don't renew, you lose. Avoid notarios and others who aren't authorized to offer legal advice. Instead, talk to an immigration attorney; you may even find out you're eligible for something better than DACA. Not sure where to start? Download the free Pocket DACA app!

App for smartphones available through iTunes and the Google Play Store, by searching "Pocket DACA".
