

**Don't Slip.  
Renew your  
DACA!**

Deferred Action for Childhood Arrivals (DACA) makes a huge difference - It's more than knowing you're not a target for deportation, DACA can mean a better job, a better education, a brighter future. But if you don't renew, you lose. Avoid notarios and others who aren't authorized to offer legal advice. Instead, talk to an immigration attorney; you may even find out you're eligible for something better than DACA. Not sure where to start? Download the free Pocket DACA app!

*App for smartphones available through iTunes and the Google Play Store, by searching "Pocket DACA".*
